

Social Studies 9: Exploration Unit Outline

Content Learning Outcomes:

- I can define and give examples of imperialism, mercantilism, colonialism, and nationalism.
- I can explain **why** European explorers came to North America, and from where they came.
- I can describe what European explorers did when they came to North America, and how they treated/interacted with Indigenous peoples.
- I can explain the **impact** of European exploration on North America.
- I can compare and contrast exploration in the past with multinational companies that operate in the developing world today.
