Issues That Matter

1. Brainstorm: What are some issues (4) that are **important to you**? Why are they important? (/8)
2. What did your group decide were your **top two** issues? Which level of government is responsible for the areas that these issues fall in to? (/4)
3. **List ways that you could address some of these issues.** *Be specific to each issue: include at least **four** different issues with at least **one** way you would address each (and why you would choose that method).* (/12)
